Platform Requirements

General Information

- With the sole exception of Fast DBTools, all TaiRox programs must be run in a Sage 300 environment.
- Some TaiRox programs are written in C# and require a **.NET Framework**.
- Some TaiRox programs send email messages using a widely-used package (Chilkat) that provides extensive hand-shaking diagnostics.
  - TaiRox programs written in VB6 install a Chilkat ActiveX component that requires Microsoft's **Visual C++ 2013 Redistributable (x86) - 12.0.30501 or higher**.
  - TaiRox programs written in C# install a Chilkat .NET component that requires Microsoft's **Visual C++ 2015 Redistributable (x86) - 14.0.23026 or higher**.

Application Suite Requirements	
Automate G/L Consolidation	.NET Framework 4.6.2 or higher C++ 2015 Redistributable (x86) - 14.0.23026 or higher
Download Rates	.NET Framework 4.6.2 or higher C++ 2015 Redistributable (x86) - 14.0.23026 or higher
Productivity Tools	C++ 2013 Redistributable (x86) - 12.0.30501 or higher
SOX Check Approval	.NET Framework 4.6.2 or higher C++ 2013 Redistributable (x86) - 12.0.30501 or higher C++ 2015 Redistributable (x86) - 14.0.23026 or higher
SOX Second Sight	C++ 2013 Redistributable (x86) - 12.0.30501 or higher
SOX User Management	N/A
TaiRox Collections	.NET Framework 4.7.2 or higher C++ 2013 Redistributable (x86) - 12.0.30501 or higher
TaiRox CRM and Collections	.NET Framework 4.7.2 or higher C++ 2013 Redistributable (x86) - 12.0.30501 or higher

Data Management Suite Requirements	
Copy Company	.NET Framework 4.6.2 or higher
Fast Clear History	.NET Framework 4.6.2 or higher
Fast Data Integrity	.NET Framework 4.6.2 or higher C++ 2015 Redistributable (x86) - 14.0.23026 or higher
Fast Database Management	.NET Framework 4.7.2 or higher C++ 2015 Redistributable (x86) - 14.0.23026 or higher
Optional Field Manager	.NET Framework 4.6.2 or higher
